I'm going to teach you how you can invest \$40- \$80 a month and get outstanding ROI using BuySellAds <https://buysellads.com>.

I'll walk you through the same campaign I ran last month. It made me almost \$4796.81

First, I signed up at the site BuySellAds.

When you go to BuySellAds you will be presented with a screen showing two options— Advertisers and Publishers.

For Advertisers

Guaranteed media buying of relevant audiences at scale. Get out of the "black box" solutions and know what you are buying.

It's easier than it sounds.

For Publishers

Click on Get Started under Advertisers.

Then go down the page and click Start a Campaign!

OR

Once you do that you will be presented with a lot of categories.

For this particular thing that we are doing I feel that the best categories would be Beauty, Health and Pets. There are a lot of products on sites like Clickbank which we can promote. However, that doesn't mean that you need to limit yourself with these alone. If you find a good product, come back and search for a site here where you think you can sell it.

I decided to go with the Health & Fitness category.

And, these are the sites that were listed in there.

I chose Fit Body HQ for my test run.

Ask a question

I wanted 20k impressions so I Brought $\$3 \times 20 = \60

I paid \$60 to run a 300x250 banner till I get 20k impressions.

Now, since we're dealing with Health & Fitness, I figured it would be wise to find an affiliate product those appeals to people looking to lose weight. The product need not be something that's in the Health & Fitness niche, but it needs to be something that would appeal to the audience.

I Searched on ClickBank(www.clickbank.com) for a Health & Fitness offer. I chose this one:

<http://www.3weekdiet.com>.

It has a decent gravity and you can make decent money even if one or two of these get sold.

So now I went to the offer's affiliate page <http://www.3weekdiet.com/affiliates> to get a banner to make my ad look sexy and more eye catching.

The banner features a collage of images including a green apple, a glass of green juice, a man's torso, a woman's waist, and before/after photos of a woman's body. A central banner reads "START MAKING MONEY WITH US!".

Now click on BANNERS...

Now let's head back to Fit Body HQ on BuySellAds and click on the site <http://www.fitbodyhq.com>.

This is where our banner will display. You'll notice that a couple of other affiliates are also promoting this offer, so you might want to switch up your offer and choose another Health & Fitness site within BuySellAds.

But for now, let's follow <http://www.fitbodyhq.com>.

The image is a screenshot of the FitBodyHQ website. At the top is an orange navigation bar with the logo 'FITBODYHQ' and menu items: FITNESS, YOGA, WORKOUTS, WEIGHT LOSS, RECIPES, NUTRITION, MOTIVATION, and LIFESTYLE. Below the navigation bar, the main content area features a large image of a woman's back and buttocks in grey shorts, with the text 'Breakfast Buns Workout' below it. To the right of this image is a sidebar containing a 'Subscribe To FitBodyHQ' form with a 'Subscribe' button and social media icons for Twitter, Facebook, Pinterest, Google+, and YouTube. Below the form is a large advertisement for 'The 3 Week Diet' with a 'CLICK HERE' button. Further down the sidebar is a 'Workouts' section with a 'Breakfast Buns Workout' article snippet and a 'Pool Running Workout' article snippet. Red arrows are overlaid on the image: one points to the '3 Week Diet' ad, another points to the 'Breakfast Buns Workout' article, and a third points to the 'CLICK HERE' button in the ad.

Boom! Do you see our offer there?

A problem that you may face while implementing this

One of the problems that you may face is that BuySellAds won't approve Clickbank urls. There are some offers to which direct linking isn't allowed.

But there's a solution for this problem.

Just go to <http://www.cbae.net/>

Your ClickBank Nickname:	<input type="text" value="Nickname"/>
The vendor's ClickBank Nickname:	<input type="text" value="3WEEKDIET"/>
<input checked="" type="checkbox"/> I agree to the terms and conditions	
<input type="button" value="Cloak it for me!"/>	

Enter your Clickbank nickname and that of the vendor's. Your Clickbank nickname is that which with you login to Clickbank.

Finding Vendor nickname is easy.

Additional Best Free Traffic Plan

FIRST of all, the best ways to promote your product **are totally useless** if you don't consider these 2 parameters:

- **Commission not lower than 40\$.** Getting a sale is HARD, with a 10\$ product you will have to make 4 TIME more sales than with a 40\$ product, and NO it is not harder to sell a 40\$ product (but yes it is to sell a 400\$ product)
- **Gravity more than 1.** On clickBank there is a parameter called Gravity, it tell you how much a product is selling, Avoid Gravity 0 at all cost, you don't know if that product is not selling at all for whatever reason. All the traffic you send will fall in a **blackhole**.

NOW the best free Strategies:

1. **Put the link inside a Book.** Yes inside your Ebook you can put all the links you want (but ideally just use it 2–3 times not to spam people). A short 30 pages Kindle about the topic related to your product will do. But **don't sell your ebook.** Free ones tends to be downloaded many more times... Some of my Students really create ebooks that started to be downloaded as much as 500 times per month. Only with one ebook they got 8 sales per month netting around 300\$ only with that. However it is not that easy, you have to write something good that people like and also get reviews as soon as you can (5 or

6 are more than enough) but with zero reviews you'll have very few sales.

2. **Yahoo Answers**. Choose questions about your topic, give real value with an honest and good answer and inform people about your product at the end of your answer. It is not as widely used as Quora but you will also have less competition for your answers.
3. **Reddit**. You should know how huge it is, hundreds of millions of users, start to be a real part of the community and contribute to discussions regarding the topic related to your product, it takes time but it can be huge. DO NOT try to put your link right away before being part of the community, they will ban you very quickly
4. **Put your link on YouTube Videos**. Contact a youtuber whose channel is related to your product, go to his "About Page", there you can find their contact or you can message them. Write to them that you would like propose a business exchange, let you put your link under the description area of their video in exchange for a cut of the sales that you make like that. The first time go for about 30–40 % if you want to

get the deal fast. Later you will have more leverage.

5. **Guest Post.** Find some great Blog that talks about a topic related to your product, contact them and tell them that you could write great content for their blog on exchange you ask to leave the link to your product. Find the sweet spot: Don't go for tiny blogs, you need traffic, on the other hand don't directly ask to Blogs with Tens of millions of visits, they would probably ignore your request...

This is the Best summary I could provide about free ways to promote your [ClickBank](#) Products.

Good Luck!!
